**FOLLOW THE EXAMPLE OF THE GODS AND SPOIL YOURSELF WITH THE PRODUCTS FROM THE NEW OLIVE CARE LINE BY LCN.**

In ancient times the olive was considered a present from the gods with healing properties. Even the earliest records of Hebrews, Egyptians, Greeks and Romans speak of oil tree. As long as 6,000 years ago people rubbed their bodies with olive oil. Olive oil contains moisturizing and protecting substances, which are beneficial to the skin. This made the oil essential for daily skin and body care.

The combination of moisturizing agents and olive oil in Olive Care provides sensitive and dry skin with necessary moisture and care.
