WHEN YOUR SKIN
NEEDS HELP:
MEDIC SKIN

THE SPA & SKIN CARE COMPANY

MEDIC SKIN by Biodroga –

When skin is extremely sensitive and reacts to every little thing, it can be due to many different causes. Usually the lipid barrier is disturbed, weakening or impairing natural skin functions. In cases of especially sensitive skin, neurodermatitis, or for pre- and post-therapy in esthetic/plastic treatments, MEDIC SKIN gives your skin exactly the help and support it needs in this situation.

MEDIC SKIN by Biodroga – MORE THAN JUST COSMETICS

The care concept to renew and protect your skin:

- * outstanding skin compatibility
- * free of fragrance and aromatic substances
- * free of colorants
- * free of preservatives
- * free of emulsifiers

MEDIC SKIN IS SUITABLE ...

- * for very sensitive skin
- * for use before and after plastic/esthetic treatments
- * in cases of neurodermatitis
- * for skin that has been thrown off balance
- * to optimize results following dermabrasions, fruit-acid peelings, laser treatments, wrinkle treatment by injection, etc.

THE NEW PRODUCT GENERATION BY BIODROGA RESEARCH

Four perfectly coordinated formulas:

Three highly effective round-the-clock products: 24-Hour Care, Intensive Moisturizing Concentrate, and Eye and Lip Care reactivate disturbed or weakened skin functions and restore the skin's natural balance.

First, regeneration. Then, buildup. Once skin balance has been restored, Power Vitamin C Concentrate is the ideal reconditioning care to strengthen the skin's defensive powers and reactivate its natural protective mechanisms.

SENSATIONAL INGREDIENT COMBINATION: RESURRECTION PLANT COMPLEX

The regenerative properties of the resurrection plant actively strengthen your skin. In our products we take advantage of its phenomenal ability to store moisture in its cells over extended periods of time. Resurrection plant complex heightens your skin's defensive powers and improves its protective mechanisms. It supports and maintains the natural regeneration processes and boosts moisture level.

DMS® (DERMA MEMBRAN STRUCTURE)

Use of the innovative DMS® System gives MEDIC SKIN products their agreeably delicate texture and enables us to forego conventional emulsifiers. In structure and composition, DMS® emulates human skin. Thanks to this "skin-related" structure, outstanding skin compatibility is guaranteed.
