

Brand new!

Smart Deluxe

The new Permanent Make-up unit
Smart Deluxe is the perfect unit for beginners.
It is especially user-friendly and very precise.

Smart Deluxe

Art. No. 63391

Price: £950

This unit lets you create permanent make-up elements gently and velvety-soft with impressive handling.

No matter if you want to do fine lip contours, fill out lips, lid-lines, smaller tattoos or fine eyebrow hairs – Smart Deluxe is the perfect unit for beginners. The insertion frequency of up to 120 insertions/sec. guarantees a superficial insertion depth for only minimal invasive pigmentation. The result is an aesthetically pleasing make-up with perfect durability.

Besides ease of use, our main objective is safety. With respect to sterility, the patented hygiene module system provides 100% safety for you and your customers. The module is simply screwed onto the handpiece. The modules can be quickly changed or different colours used. The unit comprises of a control unit, handpiece, foot switch, utility box including four colour jars, power supply and samples of size 1, size 3 and size 3 Sloped Smart Deluxe modules.

Advantages at a glance:

- › Patented Safety Cartridge System
- › Adjustable Penetration
- › Strong and Precise Mechanism
- › Reduced Noise and Vibration
- › Exceptional small and lightweight aluminium hand piece
- › Made in Germany
